

# I'm Sorry

*I'm sorry for the time we spent together because it didn't last,*

*I'm sorry for the times we made each other cry and yell in the past*

*I'm sorry for loving you because you helped me learn who I am today*

*I'm sorry that I'm writing this because I wish I could tell you another way*

*I'm sorry that you were the only person who could make me feel this way*

*I'm sorry that I want you back, but it'll never be the same*

*I'm sorry for the fights we had and the nights we missed each other*

*And I'm sorry that you will leave me with all the memories of what we used to be*

*And most of all, I'm sorry that I'm sorry*
